

PODS

KC-P19/C05
KC-P19/C10

FEATURE

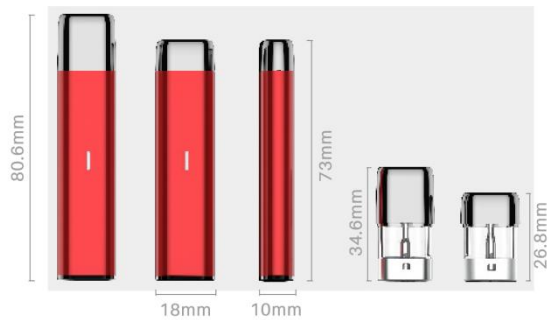

- **Splendid Structure**

Serves as the smallest cannabis vaping pod, it testifies once again our savvy expertise on structural design and battery technology. All the functions you need are available there.

- **Endless Experience**

It doesn't matter how cold the environment is or how concentrated the extract is, just activate the preheat mode and get ready for your dream vacation. No clogging, dry heat and waste.
