

2-IN-1 Dual Tank Vape

2* 1.0ml

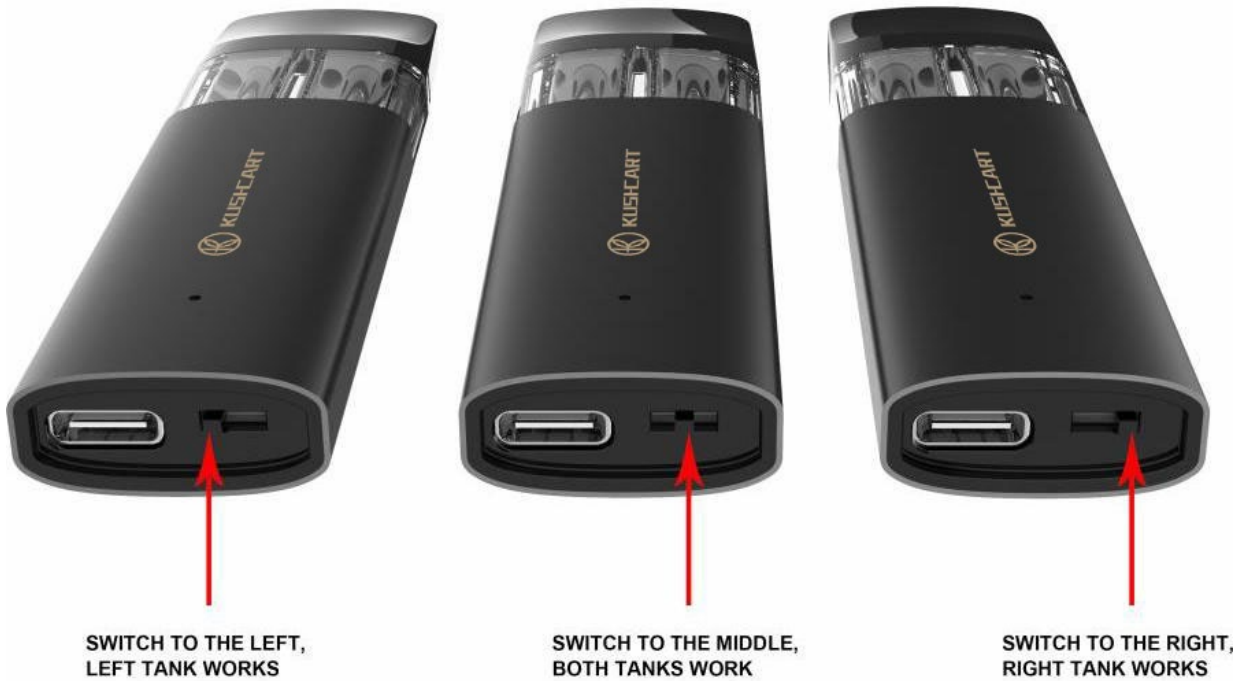

KC-D33/M20

Features

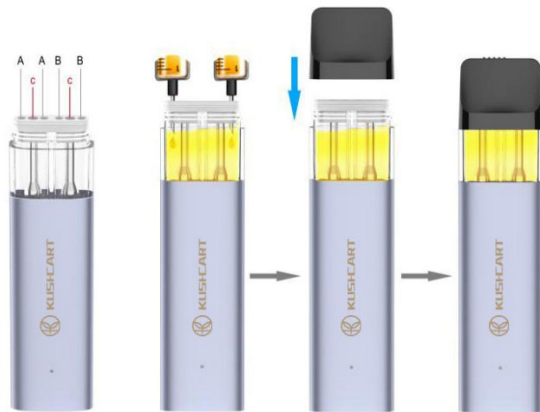

- Tank Capacity: 1ML + 1ML
- Tank Material: PCTG
- Aperture size: 2*1.8mm (Can be customized)
- Resistance: 1.5 ohm
- Coil: Ceramic
- Base Material: Aluminum Alloy
- Battery capacity: 265mAh
- Voltage: 3.6 V±0.15V
- Dimension: 97.5*25.0*11.0mm
- Type-C charging port

2 Flavors in 1 Device

Filling Instruction

A and B are the oil filling holes of the left and right tanks respectively. C is the tanks airway hole.

Fill one flavor oil to one of A, and another flavor oil to one of B. (2 holes are same, A=A, B=B)

- Must keep the silicon plug in and fill oil from the hole, don't take out the silicon plug.
- Please use the blunt tip needles which are less than or equal to $\Phi 1.8\text{mm}$.
- Do not overfill or allow oil enter into the center airway.

Install the mouthpieces as soon as possible after filling.

- Leave for 5 minutes before use.
- Remove the bottom label stickers before use.

Specification

Tank Capacity	2 * 1.0ml
Material	PCTG
Resistance	1.5ohm
Battery Capacity	265mAh
Dimension	97.5 * 25 * 11mm
